Marke: NOX Cycles

Bestell-Nr.: 23_EP-EN_01_23315

Speed ☐ and adrenaline in blocked downhill passages and daring bike park jumps – the action is the goal. As a symbiosis between e-bike and bio-bike, the EPIUM Enduro 7.1 catapults you into other spheres. You get the power to ride each run multiple times or tackle steep ramps that open up new horizons for you. Experience more than ever before.

The centerpiece is the 2.7 kg light full-carbon monocoque frame with modern geometry and integrated suspension. A combination that creates unique agility. With the Flex Linkage System you can adapt the geometry of your bike perfectly to your needs. Powered by the brand-new FAZUA Ride 60 you are driven by 60 Nm torque and 420 Wh battery reach. 180 mm suspension travel at the front and rear and a 29"/27.5" wheel mix ensure maneuverability and maximum downhill performance.

EPIUM Enduro 7.1: Light, quiet, powerful and progressive - get ready for an e-mtb experience that goes beyond body and mind.

Winner of the [German Design Award!](#)

Jury statement: "An excellent design that reflects the demand for innovation and uncompromising quality down to the smallest detail."

HIGHLIGHTS

-
